DETAILED ACTION

Allowable Subject Matter

1. Claims 1-38 are allowed. The following is an examiner's statement of reasons for allowance. Claims 1 and 24 are allowed because the prior art of record fails to teach or fairly suggest a means for, or a method of automated isotope dilution mass spectrometry comprising, in combination with the other recited limitations in the claims, spiking at least one enriched stable isotope of an element or specie related to said sample. Claims 2-23 are allowed be virtue of their dependence on claim 1.

Claims 25-38 have been previously indicated as allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

2. Applicant's arguments, see the third paragraph on page 9 of the Remarks of the submission in support of a request for continued prosecution, filed November 18, 2003, with respect to claims 1 and 24 have been fully considered and are persuasive. The rejections of claims 1-24 ^{remain} ~~have been~~ withdrawn.
